2022 SCHOLARSHIPS & BURSARIES

For over 50 years, New College has continued to build character in each individual who becomes part of the College community. We encourage residents to strive for academic excellence, serve one another and make contributions to the wider community. To assist residents to fulfil these outcomes, New College has developed several equity and merit-based scholarships and bursaries to support residents with specific needs or disadvantages.

General Information on Eligibility

Applications are assessed by the Master and Dean each year, and scholarships and bursary assistance are generally only awarded after the closing of a scholarship round and the finalisation of a contract for College membership.

To be considered, applicants must have been accepted into membership of New College, and typically have experienced some form of educational, economic, and/or social disadvantage. The contributing circumstances could include:

- financial hardship
- difficult home/family circumstances
- rural/remote isolation
- language difficulties
- excessive family responsibilities
- disrupted schooling
- physical or mental disability
- serious family illness
- prolonged illness or condition

The scholarships and bursaries offered by New College Communities are presently only available to Australian and New Zealand Residents.
