

1.1 RESIDENT STUDENTS POLICY

Responsible Officer	Master
Review Date	2 nd September 2024

1. Purpose

This policy is to ensure that the College complies with its duty of care, academic support, and accommodation arrangements for all college residents.

2. Overview

New College was conceived to provide a holistic experience to all students and visiting academics who were offered a place to reside there. The buildings were intentionally constructed to encourage a sense of community; the vision of the college was based on Christian values; facilities and resources were implemented for academic excellence and the staff appointed with a high standard of pastoral care.

While being publicly and actively Christian, the College imposes no test of religious belief or practice for its resident members. To facilitate its aims and goals the college retains the right to apply such tests to those it employs and appoints as its representatives.

This policy is to outline the role of the College and responsibilities of the Master and College staff towards its residents and visiting academics and in return, the standard of conduct which should be exemplified by the residential community.
